SUBJECT: **LETTER OF APPRECIATION**

Attached is an emailed letter of appreciation I received from Shirley Friend who is a faculty member at Northwest Vista College. In her email, Ms. Friend expresses her appreciation for the assistance you provided her on Saturday 08-22-09 and the spirit of service in which it was delivered.

I too want to thank you for the assistance which you provided to a member of our community and the spirit in which it was done. In doing so, you have brought favorable recognition upon yourself and the Alamo Colleges Police Department.

Keep up the good work.

Dear Chief Adams,

I am at NVC preparing to facilitate an all-day training session for our faculty. I stopped by the DPS office on our campus and they checked to make sure the room to my building was open, but could not help me with my other issues. Lucky for me, I ran into Security Officer Steve Chelewski. He has spent the last hour helping me by opening rooms and hauling my supplies back to Cypress. He has an incredible attitude and was very patient as we went from room to room and floor to floor as I tried to find what I needed.

As faculty for the Student Leadership Institute, I have learned that some people are placed in positions of leadership, yet other people are the actual leaders. One of my favorite type of leader is a "servant leader," which Steve exemplifies. You must be very proud to have him in your force, and I am delighted that he is on our campus. I will definitely pass his name to my colleagues as THE person to contact on our multiple Saturday sessions this year. It's great to have a "go to" person with that "go to" attitude. He has made my day great already.

Thanks so much,

Shelley Friend
