The text **must** be purchased prior to class. Currently the text can be purchased by contacting L&M Book Store @ 210-222-1213 and talk to Pat Puig or Joan Martin. You can also visit them online at LM-Bookstore.com. The text being used is: Johns, Byrne. Dental Auxiliary Monitoring of Nitrous Oxide – Oxygen Inhalation Conscious Sedation

Course Description:

This program is specifically designed to prepare the dental auxiliary to obtain certification in nitrous oxide monitoring as mandated by the State Board of Dental Examiners. A comprehensive review on the general guidelines and industry standards for nitrous oxide conscious sedation will be presented. Upon completion of this course, the participant will be administered the required examination.

Participants **MUST** pass with a 70% or above.

Presented By: Professor Stella Lovato R.D.A., C.D.A., M.S.H.P., M.A.Ed., Chairperson/Program Coordinator Dental Assisting.
