

Mission Statements

Banking & Financial Services

To provide an educational experience of the highest quality at a reasonable cost, and which satisfies the educational needs of a multicultural community. These courses are designed to teach current and potential professionals the process and methodology of the rapidly changing global financial services and mortgage banking industries.

Business Administration

The Business Administration mission is to provide an educational experience of the highest quality to the students who enroll in courses within the Business Administration discipline. In meeting student's needs we must do everything to ensure the delivery of quality instruction in the course content to prepare student for the challenges of upper division courses and the work force.

Business Management

To provide an educational experience of the highest quality at a reasonable cost which satisfies the educational needs of a multicultural community. The Business Management program will offer courses with emphasis in Business Management, Financial Management, Human Resources Management, International Business, and Marketing Management, so that graduates may be qualified for entry into the profit and nonprofit sector and upgrade and/or integrate skill building experiences of the currently employed student.

Public Administration

Offering courses that are current and relevant in the public sector. These courses will prepare students to work in entry level positions at federal, state, local and non-profit organizations and/or upgrade skills of employed students. The skills that are developed will be writing, decision making, public speaking, and research in the public sector as well as utilizing an international/intergovernmental perspective.

Real Estate

To fulfill the community's demands for real estate education at a reasonable cost while maintaining high quality. The diverse population served includes consumers seeking information for personal needs as well as individuals seeking pre-licensing and continuing education in the field.
