TUITION FREEZE & REFUNDS

Tuition Freeze Program

The Tuition Freeze Program (TZP) guarantees a three (3) year freeze on tuition rates for those students who commit to selecting a major and steadily working toward that goal. Students pay the same tuition rate for three (3) years if they meet the initial and continuing eligibility criteria.

The TZP is available for students in the first (1) semester of college enrollment or students who have accumulated twelve (12) or fewer credit hours, either earned at the Alamo Colleges or transferred from another institution. Hours earned while enrolled at the Alamo Colleges as a Dual Credit student are excluded from the accumulated hours.

To enroll in TZP program prior to or during a semester of eligibility students should:

- Sign an electronic agreement during a Fall or Spring semester of eligibility
- Declare a major leading to an Associate Degree

Guidelines for applying for TZP are available online at <http://www.alamo.edu/main/html/registration/webforstudents.htm#tuitionfreeze>.

Tuition Rebates

Under Section 54.0065 of the Texas Education Code, students graduating from a Texas public baccalaureate granting university may be entitled to a partial tuition rebate from the baccalaureate granting institution if all of the following conditions are met:

1. Students must have enrolled for the first time in an institution of higher education in the Fall 1997 semester or later;
2. Students must have received a baccalaureate degree from a Texas public university;
3. Students must have been a resident of Texas and entitled to pay resident tuition at all times while pursuing the degree; and
4. Students must have attempted no more than three hours in excess of the minimum number of semester credit hours required to complete the degree under the catalog under which they were graduated. Hours attempted include transfer credits, course credit earned exclusively by examination, courses that are dropped after the official census date, and for-credit developmental courses.

Students desiring to qualify for tuition rebates are responsible for enrolling only in courses that will qualify them for the rebates. Contact the Dean of Enrollment Management for additional information.
